

# BROADLEAF EVERGREENS

**Broadleaf Evergreens** play one of the most important roles in today's gardens. They provide both masses of bright color in the spring as well as continued interest throughout the winter months. From basic Boxwood to fine Finnish Rhododendrons, Mori Nurseries takes pride in offering an extensive range of varieties and sizes.

Blue Ice Bog Rosemary    Vancouver Jade Bearberry    Green Velvet Boxwood    Tib Scotch Heather    Coral Beauty and Rockspray Cotoneaster

Mori #	Common and Latin Names	Zone	Height	Spread	Shape	Foliage	Flower	Fall Fol.	Description
<b>BOG ROSEMARY</b>									
101-05	BLUE ICE BOG ROSEMARY <i>Andromeda polifolia</i> 'Blue Ice' COPF	2	40cm 16"	1m 40"	Mounded	Blue green	Pink		Pink, bell-shaped flowers in spring. Foliage is blue-green and rosemary-like. Performs best in moist, acidic soil.
<b>BEARBERRY</b>									
102-30	VANCOUVER JADE BEARBERRY <i>Arctostaphylos uva-ursi</i> 'Vancouver Jade' COPF	4	15cm 6"	1m 40"	Low Spreading	Dark green	White	Dark Red	Clusters of fragrant, pink flowers in May, then red fruit. Glossy, dark green foliage turns dark red in fall. Ideal choice for sandy soil.
<b>BOXWOOD</b>									
104-06	GREEN GEM BOXWOOD <i>Buxus</i> 'Green Gem' COPF	4	75cm 30"	75cm 30"	Globe	Dark green			Dense dark green foliage. Natural globe shape.
104-09	GREEN MOUNTAIN BOXWOOD <i>Buxus</i> 'Green Mountain'	4	1.5m 5'	1m 40"	Upright	Dark green			Upright habit, excellent for use as hedging and clipping into pyramids. Dense dark green.
104-10	GREEN VELVET BOXWOOD <i>Buxus</i> 'Green Velvet' COPF	4	75cm 30"	1m 40"	Globe	Dark green			New growth is lime green, matures to dark green and provides nice contrast.
104-50	PINCUSHION BOXWOOD <i>Buxus</i> 'Pincushion'	5	75cm 30"	75cm 30"	Globe	Dark green		Bronze	Natural dwarf globe shape ideal for bonsai use, edging or rock gardens. Bronze in winter.
<b>SCOTCH HEATHER</b>									
	SCOTCH HEATHER <i>Calluna vulgaris</i>	4	30cm 12"	60cm 24"	Spreading	Green	See below		Compact ground cover. Flowers in late summer. Performs best in acidic soil.
105-03	'Alba Jae'						White		
105-05	'Allegra'						Ruby red		
105-18	'Devon'						Double pink		
105-19	'Firefly'						Dark mauve		
105-84	'Robert Chapman'						Rose-purple		
105-90	'Spring Torch'						Mauve		
105-95	'Tib'						Double purple		
<b>COTONEASTER</b>									
106-11	CORAL BEAUTY COTONEASTER <i>Cotoneaster dammeri</i> 'Coral Beauty'	4	50cm 20"	2m 6.5'	Low Spreading	Glossy green	White		Mounding ground cover. White flowers in spring produce orange-red berries that persist into winter. Good choice for erosion control.
106-14	ROCKSPRAY COTONEASTER <i>Cotoneaster horizontalis</i>	5	50cm 20"	1m 40"	Low Spreading	Dark green	Pink		Dense herringbone patterned branching. Pink flowers in spring produce red fruit in fall. Ideal for in rock gardens or against walls.

Mori #	Common and Latin Names	Zone	Height	Spread	Shape	Foliage	Flower	Fall Fol.	Description
<b>DAPHNE</b>									
107-20	CAROL MACKIE DAPHNE Daphne x burkwoodii 'Carol Mackie'	5	1m 40"	1.2m 4'	Dense Mounded	Variegated	Pink		Fragrant pink flowers in spring produce red fruit. Small green leaves edged in creamy yellow to white. Tolerant of poor, dry soils.
107-25	ROSE DAPHNE Daphne cneorum 'Ruby Glow'	5	30cm 12"	75cm 30"	Low Mounding	Grey	Rosy pink	Green	Fragrant pink flowers in spring and again in fall cover plant and contrast against grey-green foliage. Does well in dry, sandy soils.
<b>BROOM</b>									
108-35	BURKWOOD BROOM Cytisus scoparius 'Burkwoodii'	6	1.5m 5'	1.5m 5'	Arching Branches	Green	Deep red		Deep red flowers with splashes of yellow.
108-30	HOLLAND BROOM Cytisus scoparius 'Hollandia'	6	1.5m 5'	1.5m 5'	Arching Branches	Green	Purple- red		Pea-like flowers are purple-red with splashes of cream. Long sprays of bloom along arching branches.
108-40	MOONLIGHT BROOM Cytisus scoparius 'Moonlight'	6	1.5m 5'	1.5m 5'	Arching Branches	Green	Yellow		Glowing moonlight yellow flowers with a nodding habit in spring.
108-15	ROYAL GOLD BROOM Genista tinctoria 'Royal Gold'	3	60cm 2'	60cm 2'	Compact, Low	Green	Golden yellow		Erect stems are thickly covered with golden yellow, pea-like flowers in summer. Tolerant of heat and poor soils.

<b>HEATH</b>									
	HEATH Erica carnea	5	30cm 12"	60cm 24"	Low Spreading	Green			Excellent groundcover. Plants bloom in early spring after snowmelt. Prefers acidic soil.
109-08	'December Red'						Red		
109-23	'Myretown Ruby'						Red		
109-30	'Springwood Pink'						Pink		
109-32	'Springwood White'						White		
109-50	'Vivelli'						Red		
	HEATH Erica x darleysis	5	30cm 12"	60cm 24"	Low Spreading	Green			Spring flowering. Does well in poor soils.
109-17	'Kramer's Red'						Red		
109-20	'Mediterranean Pink'						Lilac-rose		
109-21	'Mediterranean White'						White		

<b>EUONYMUS</b>									
110-14	COLORATA EUONYMUS Euonymus fortunei 'Coloratus'	5	20cm 8"	2m 6.5'	Spreading Climbing	Dark green	White	Purple	Low spreader or climber. Dark green leaves turn deep purple in winter. Good for massing.
110-18	EMERALD GAIETY EUONYMUS Euonymus fortunei 'Emerald Gaiety'	5	1m 40"	1m 40"	Upright Mounding	Variegated	White tinge	Pink tinge	Green leaves edged with silver-white. Pink in winter. Dense erect branching habit.
110-26	COUNTRY GOLD EUONYMUS Euonymus fortunei 'Country Gold'	4	1m 40"	1m 40"	Mounding	Variegated	White		Hardy Mori selection. Gold-edged rounded leaves. New growth is bright gold.
110-37	BLONDY® EUONYMUS Euonymus fortunei 'Interbolwi' PP 10,424	5	1m 40"	1m 40"	Mounding	Variegated	White		Big clear yellow thumbprints in centre of each green leaf. Stems are bright yellow.

Mori #	Common and Latin Names	Zone	Height	Spread	Shape	Foliage	Flower	Fall Fol.	Description
110-28	MOR GOLD EUONYMUS Euonymus fortunei 'Mor Gold'	4	1m 40"	1m	Upright Mounding	Variegated	White		Mori selection of Emerald 'n Gold. Green leaves, intense gold edging. Dense, upright.
110-27	GOLD SPLASH EUONYMUS Euonymus fortunei 'Roermertwo'	5	1m	1m 40"	Mounding 40"	Variegated	White		Vibrant, large round leaves with a broad golden-yellow margin.
110-30	SARCOXIE EUONYMUS Euonymus fortunei 'Sarcoxie'	5	1.5m 5'	1.5m 5'	Rounded	Dark green	White		Dark green rounded foliage. Vigorous grower. Ideal as trellis, wallcover and in semi-shade.

<b>ENGLISH IVY</b>									
112-49	THORNDALE ENGLISH IVY Hedera helix 'Thorndale'	4	6m 20'		Vine	Green	White		A vigorous grower. Leaves slightly smaller than English. Ideal wallcovering or as a groundcover. Good for shade. Self-clinging.

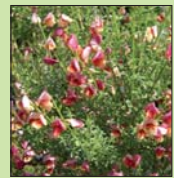

<b>HOLLY</b>									
113-21	BLUE PRINCE HOLLY Ilex x meserveae 'Blue Prince'	5	2m 6.5'	2m 6.5'	Broad Pyramid	Glossy green	White		Male selection. Dark blue-green leathery leaves. One male sufficient to pollinate up to 6 females. Requires acidic soil.
113-22	BLUE PRINCESS HOLLY Ilex x meserveae 'Blue Princess'	5	2m 6.5'	2m 6.5'	Broad Oval	Glossy green	White		Female selection. Bright red berries even on young plants when pollinated by male. Dark blue-green leathery leaves.
113-26	BERRI-MAGIC HOLLY Ilex x meserveae 'Prince & Princess'	5	2m 6.5'	2m 6.5'	Broad Upright	Glossy green	White		Each pot contains both Blue Prince and Blue Princess. Useful as specimen plant or where space is limited.
113-46	CASTLE SPIRE HOLLY Ilex x meserveae Hechfee	5	2m 6.5'	1m 40"	Pyramidal	Glossy green	White		A compact pyramidal holly with large lustrous dark green leaves, bright red berries and superior branching.
113-50	DRAGON LADY HOLLY Ilex x meserveae 'Dragon Lady'	6	4m 13'	1.2m 4'	Pyramidal, Columnar	Glossy green	White		Dinstinct pyramidal/columnar form, glossy blue-green spine-margined leaves and large red fruit.
113-15	HONEY MAID HOLLY Ilex x meserveae 'Honey Maid'	5	3m 10'	2m 6.5'	Upright, Pyramidal	Variegated green	Red berry		New variegated holly with leaves irregularly margined and spotted with creamy yellow. Red berries contrast in winter. Use Blue Prince as pollinator. Hardy.

<b>MOUNTAIN LAUREL</b>									
	MOUNTAIN LAUREL Kalmia latifolia	5	2m 6.5'	1.7m 6'	Rounded	Green			Compact rounded form with irregular branching. Flowers late May to June. Full sun to part shade. Requires acidic soil.
114-60	'Minuet'								Pink buds open to burgundy banded flowers. Dwarf form with glossy cupped leaves.
114-30	'Olympic Fire'								Red buds open to light pink flowers.
114-45	'Raspberry Glow'								Burgundy-red buds open to very deep pink flowers. Wavy leaves.
114-55	'Tiddlywinks'								Deep pink buds open to soft pink flowers. Semi-dwarf form.

<b>OREGON GRAPE</b>									
115-15	OREGON GRAPE Mahonia aquifolium	5	1.2m 4'	1.2m 4'	Upright, Irregular	Glossy green	Yellow	Bronze	Glossy holly-like leaves emerge red-bronze, turn yellow-green then dark green. Fragrant yellow flowers, blue fruit. Needs protection.
